

Antioch School District 34- SMART Goal and Action Plan

Goal Area: Increase Student Lunch Participation	Goal Champion: FLT
---	--------------------

1.) State the SMART goal (Specific, Measurable, Achievable, Results-oriented, Target date).

By the end of the 2018-19 school year lunch participation will increase by 2%.

2.) Describe data sources consulted and a summary analysis of the data that indicate the need for the goal.

Nutrikids POS lunch participation records show participation trends for each school. For the last 2 years, our combined District lunch participation has stayed at 45%.

3.) Identify the correlation of the stated school improvement goal to the District strategic plan.

Check all that apply:

GOAL 1: Continuous Student Growth & Achievement

GOAL 2: Supportive Learning Environment

GOAL 3: High Quality Workforce

GOAL 4: Family and Community Partnerships

GOAL 5: Efficient and Effective Use of Resources

4.) Summarize how this goal will be measured and what data will be monitored. What will be the evidence of goal attainment?

The goal will be measured and monitored in Nutrikids POS.

5.) Describe how continuous improvement through teamwork, collaboration and shared leadership will be evident in goal attainment?

A café survey, including Taste Testing, will be given to students asking for input on menu choices in each school, likes vs. dislikes.

Action Plan: Key Steps and Timelines

Description of Proposed Action/Activity (What is going to be done to address this goal?)	Results (What will be the evidence of completion of the activity?)	Timeline (When will the activity occur?)
Café Survey Taste Testing	Student input on café menu likes vs. dislikes Trying new menu options: offering a sample	Winter Break Monthly
