

# Health Services Department

*Inspiring a Passion for Personal Excellence*

## Strategic Plan 2018-2019

### MISSION

To maintain a welcoming and educational environment to promote healthy behaviors among our student body by keeping our students healthy and ready to learn through evidence based practice, health promotion, and prevention within our community.

### VISION

Students will achieve **personal excellence** when everyone demonstrates:

- *Commitment to continuous improvement*
- *High expectations for academic, social, emotional and behavioral growth*
- *Effective collaboration, communication, critical thinking and creativity*
- *Ownership, responsibility and accountability for growth and development*
- *High expectations for healthy habits*

### CORE VALUES/COMMITMENTS

We believe our nursing team helps **students** be ready to **learn by optimizing their health**.

We believe it is our responsibility to guide students towards self-sufficiency, ownership, responsibility and accountability for their, own learning and **health**.

We believe in providing a **healthy**, safe, and secure environment in order to foster a community of collaborative learners.

We value **continuous improvement through teamwork, collaboration and shared leadership** at all levels.

We believe a **high-quality nursing staff** is essential to a high-achieving school system.

We believe that corroborative **partnerships** and effective communication among the community, home and school accelerates student success and **health**.

We believe the District must be a **good steward** of community resources.

### SMART GOALS

**SMART Goal 1:** By June 2019, continue to monitor measures implemented which decrease the loss of instructional time for students throughout the district.

**SMART Goal 2:** By June 2019, continue increasing district use of consistent practices by continuing to monitor new district-wide health service procedures implemented in 2018-19

**SMART Goal 3:** By June 2019, nurses will have provided training for all building staff members on use of Recognizing Anaphylaxis and Administration of Epinephrine Auto-Injectors, Seizure Training, and Asthma 101 Training.
