Isaias Solano
Jayden McBrady
Katherine Mangioni
Rose Avila

James Selph
Stuart Lowrey
Alexis Privett
Erik Ortiz
Carly Tarkowski
Scarlett Melecio
Maxwell Henshall
Gionnie Konecny

COORDINATOR'S CORNER

Hello ELC Families,

Our classrooms have started the Building Unit where the children are investigating what buildings look like, what buildings are in our neighborhood, who builds buildings, what tools do they use, and what are buildings made of. At home, you can support your child's learning by studying your house or apartment building with your child and asking questions such as: What materials were used to build it? How many floors or stories does it have? How many rooms, windows, and doors does it have? Don't forget the basement if you have one! How old is your home? Who built it? What are its dimensions?

We are also celebrating Kindness throughout the month of February. The children are learning about what it means to be a kind person and how to recognize kindness in others. February 10th-14th is Friendship Week. Please see the attached flyer for a description of each spirit day. We will also be participating in The Great Kindness Challenge. Please see the letter that was sent home with your child for more details.

On Tuesday, February 11th we have the Discovery Center Museum coming to the ELC to present their We Can Build It program where the students will have the opportunity to create a building, bridge, or road using a variety of materials. We will also be going on a bus tour to learn about the different buildings throughout downtown Antioch.

-Ms. Barkley
