**SHARED SERVICES  
DISCUSSION**

The purpose of this meeting was to discuss the possibility of sharing services across our districts. It was mentioned that other districts in Lake County have approached and implemented this concept. Some of the areas discussed as possible areas where the districts could share services were; the superintendent's position, business office support services, professional development, maintenance and operations, purchase of gas and electricity and food services. Other items included student services such as special education and curriculum.

It was noted that the districts have some differences that may not fit with collaboration such as lunches for Grass Lake are catered whereas Antioch's are cooked in house. The same is true for

maintenance, some of Grass Lakes is in house and others are subcontracted. As with gas and electricity purchases, Antioch is already part of a consortium

Paul was tasked with putting together a fund function options list and that is attached. At this time, the districts are in the early stages of investigating the feasibility of this. District 34 board will take the issue back to the full board for further discussion. As information is gathered and our superintendent search progresses, the District 34 board may again meet with Grass Lake District to discussed the presented or new options.

**ADJOURNMENT** Mary Kay McNeill moved and Lori Linck seconded the motion to adjourned the regular meeting at 2:40 P.M.
