

MRS. C.'S CHRONICLES

FIRE PREVENTION WEEK

The Great Chicago Fire & Fire Presentation

The fire department visited us and talked about fire safety at home and what to do in an emergency. We also discussed having meeting place outside our homes if a fire was ever to happen. We were able to interact and walk through a fire truck, and the students seemed super excited to be able to visit with a fire department.

We have also started reading eyewitness accounts about the Great Chicago Fire and how each eyewitness had a different perspective about the fire. The class discussed that perspectives are different from each other based on several factors such as, age, gender and background knowledge pertaining to a specific event or subject. The students will be identifying why perspectives are different and providing text evidence from the written account of our eyewitnesses in their writing.

Halloween Party Conti'

If you can donate some fruits/veggies or bottled water, please let me know. I do have some volunteers for the actual activities. Students may also bring in non-edible goodies to pass out to their classmates. If you can or are willing to volunteer to help with the festivities, please let me know.

The party will be on 10/31/19 from about 2:00-3pm. Please have your child bring an appropriate costume to school in their backpack, and each costume should not include any blood or weapon. Each student will need to be able to properly dress themselves here at school without extra assistance.
